<Give It a Shot>

<p.98>

Good afternoon. I am Ryo Machida. When I was small, I was rather weak, so my parents took me to swimming lessons. They were really fun, and I got interested in all kinds of sports. I made good friends through many kinds of sports, like volleyball and soccer. Sports such as running or swimming are a lot of fun, especially when I become faster than before. I would like to be a P.E. teacher to share the joy of sports with children in the future. Thank you.
